Critical Care in the ED

Wayne State University Department of Emergency Medicine in partnership with the Michigan College of Emergency Physicians is sponsoring the 7th installment of the Critical Care Practice in the Emergency Department Conference. The objective of this conference is to provide high level information concerning the management of critically ill patients.

We are very pleased with previous year's turnouts and expect continuing success. The conference will be held at the Somerset Inn Conference Center in Troy, Michigan on Thursday, March 22, 2018 with an optional Mechanical Ventilator Workshop the day before. The curriculum will include leaders in medicine from the University of Michigan, Wayne State University, William Beaumont Hospital and Henry Ford Hospital. Previous attendees have described this conference as a "can't miss" event for physicians and residents caring for critically ill patients.

***NEW* - Optional Mechanical Ventilator Workshop – Wednesday, March 21, 2018**

Emergency physicians are the first physicians to care for the critically ill and proficiency with managing respiratory failure is a key skill needed for day-to-day practice. Join Emergency/Critical Care experts in mechanical ventilation to elevate your skills. In this unique workshop, participants will:

- Learn the “knobology” of mechanical ventilation.
- Learn how to set initial ventilator parameters.
- Learn how to choose mode and ventilator settings for specific conditions.
- Learn how to troubleshoot patient-ventilator emergencies

This workshop will combine formal didactic lecture as well as interactive cases and hands-on ventilator management. Space is limited to 24 participants. Sign up soon! **The fee for the workshop is \$75 in addition to the conference registration fee.**
